MINIMAL

L'abbinamento perfetto con Segui il Tuo **ISTINTO**.

Segui il Tuo **ISTINTO** permette una Estetica molto appariscente. Una parete, un camino, angolo cottura etc. catturano l'occhio di chi osserva e può essere eccessivo utilizzare Pietra Spaccata, Pietra Zen, Pietra Contemporanea etc per tutto un locale. Anche una zona limitata come nella foto qui a fianco può essere sufficiente e bellissima per caratterizzare un ambiente. Diventa quindi importante abbinare le pareti limitrofe con colori omogenei e una Estetica meno appariscente. A questo scopo abbiamo un prodotto specifico, **MINIMAL**, che con la sua apparenza leggermente satinata ma opaca e il suo aspetto sobrio, si abbina perfettamente alla eccentricità e coinvolgente esuberanza di **ISTINTO**.

I Colori di **MINIMAL** si abbinano perfettamente alle tinte di Istinto perché sono parte della stessa palette e deriva dalla nostra ricerca negli ultimi 20 anni. La gamma colori si estende per 169 varianti.
